(SCC 36 § 2 (part), 1971.)

### 9.36.074 Glass Beverage Containers--Purpose.

The County of Sacramento operates and maintains its parks and park facilities for the use, benefit, recreation and enjoyment of the general public. However, the County's regional park facilities accumulate significant amounts of litter annually, a large percentage of which consists of randomly discarded glass beverage containers. The recurring and increasing presence of broken glass resulting from such discarded containers poses a serious threat to the public safety at such park facilities, and unreasonably interferes with the public's use and enjoyment thereof. Broken glass is a unique form of litter, in that it can virtually elude clean-up efforts. In particular, it accumulates from year to year on beaches and rocky shorelines, often hidden underwater beneath a layer of sand or silt, constituting an undetectable hazard to swimmers and waders. Submerged or otherwise concealed broken glass has resulted in injuries to park visitors involving deep cuts, lacerations and other complications. In almost all cases, advanced medical care beyond basic first aid was required, with most cases requiring suture of lacerations. Additionally, some victims required treatment for shock. In some cases, it appeared likely that surgery would be required to repair nerve, cartilage or tendon damage. Many more such injuries occur, yet go unreported.

It is therefore essential to the preservation of the public peace, health, welfare and safety, and the furtherance of safe public use and enjoyment of County parks and park facilities, that the presence of glass beverage containers upon such premises be prohibited. (SCC 0713 § 1, 1988.)

### 9.36.075 Glass Beverage Containers--Prohibition.

No person shall possess any cup, tumbler, bottle, jar or other container made of glass and used for carrying or containing any liquid for drinking purposes within any park or on any body of water in the American River Parkway west of Hazel Avenue, or within any other park or park facility which has been posted with signs prohibiting such possession, except in locations where such containers are permitted under the terms of a lease, operating agreement or permit. The governing body of the public entity owning or managing such park or park facility may by resolution designate, or authorize the director to designate, the park or park facilities to be posted. (SCC 0713 § 2, 1988.)

### 9.36.077 Concessions.

a. The sale of goods and services, including, but not limited to, food products, apparel, instructional lessons, and entertainment by natural persons or entities for commercial gain potentially adversely and seriously impacts the use of park lands and park facilities for use by the public for recreational purposes. Any such sales must be regulated through the use of concession contracts to insure that the goods and services marketed will promote the beneficial use of park facilities for recreational purposes.

b. It shall be unlawful for any person or entity to enter on and use park lands or facilities owned by the County for the purpose of selling goods or services for commercial gain without having first applied for and obtained from the Board of Supervisors a concession contract authorizing the sales and otherwise regulating the time, place, and manner of such sales. The violation of this subsection shall be punishable as an infraction as provided in Section 9.36.035 of this Chapter.

c. The provisions of this section shall not be deemed to apply to the sale or distribution of newspapers, books, pamphlets, or other activity constituting protected speech under the First Amendment of the United States Constitution or comparable protections under the California Constitution. (SCC 0904 § 1, 1993.)
